

The All New,

SX series

R.40

R.20

A Legacy of Trust. *A Future of Mobility.*

For nearly four decades, the group has stood for trust, manufacturing excellence, and continuous innovation. Established in 1986, it has grown into one of India's leading textile manufacturing groups, with a strong presence across textiles, infrastructure, and sustainable business solutions — built on quality, reliability, and long-term vision.

Today, that legacy moves into the future with Jindal Mobiltrix — a next-generation electric mobility venture focused on intelligent design, advanced technology, and sustainable transportation for a smarter way forward.

"The same values. A bolder horizon."

The New
Reality.

Designed for
Everyday Life.

Redefining *Safety.*

Experience cutting-edge performance with our advanced battery, specially designed for India. With high energy density and rapid charging capabilities, our battery pack ensures a long, efficient ride while minimizing downtime. Built for durability, it withstands challenging Indian road conditions and delivers consistent, reliable power.

Vivid 5-inch PMVA Display

Safe LFP Cell Technology

Integrated Side Stand Sensor.

Powerful LED Lights

Thoughtfully Equipped.

No unnecessary complexity. Just the right technology, in the right place, working quietly every day.

Electric, *Made Easy.*

High-Torque HUB Motor

Heavy-Duty Main Stand

Spacious Dual-Compartment Seat Boot

Smart Charging Pocket

Smooth Dual Shock Suspension

Smart Connectivity, *Simplified.*

Stay connected to your scooter with an intelligent mobile experience designed for everyday convenience. Access live ride statistics, battery insights, vehicle tracking, maintenance alerts, and performance analytics — all in one seamless interface.

SAFE . *STYLISH* . SIMPLE

The *Numbers* that matter.

R.40

Peak Power.....	4 kW
Peak Torque.....	165 Nm
Riding Modes.....	Eco,Joy,Pro
Top Speed.....	75 kmph
Acceleration (0-40kmph).....	5 s
Gradeability	21 Deg
Suspension (F&R).....	Telescopic Dual Shock Absorber
Ground Clearance.....	155 mm
Kerb Weight.....	122 kg
Boot Space.....	24 L
Brakes (F&R).....	Drum (CBS with Regen)
Tyre Size (F&R).....	90/90-12 54J Tubeless
Battery Capacity.....	3.66 kWh
Cell Type.....	Prismatic LFP Cells
Charging Time (0-80%).....	4 hr
True Range*.....	135 km
Display Type.....	PMVA Colour LCD
Display Size.....	5 inch

R.20

Peak Power.....	2.4 kW
Peak Torque.....	120 Nm
Riding Modes.....	Eco, Pro
Top Speed.....	65 kmph
Acceleration (0-40kmph).....	7.2 s
Gradeability	16 Deg
Suspension (F&R).....	Telescopic Dual Shock Absorber
Ground Clearance.....	155 mm
Kerb Weight.....	110 kg
Boot Space.....	24 L
Brakes (F&R).....	Drum (CBS with Regen)
Tyre Size (F&R).....	90/90-12 54J Tubeless
Battery Capacity.....	2.66 kWh
Cell Type.....	Prismatic LFP Cells
Charging Time (0-80%).....	4 hr
True Range*.....	105 km
Display Type.....	PMVA Colour LCD
Display Size.....	5 inch
